

## How to Adjust Assessment Settings

From the Growth Dashboard, click **Settings** and **Assessment Settings**

Note: some options may be impacted by district determinations.

Student Name	Student Language	Bilingual Configuration	Instructions for English Tasks:	Digital Assessment:
MA Matthew Alvarez	English	N/A	English	On
SG Scott Gibbs	English	N/A	English	On
MR Megan Hart	English	N/A	English	On

In the **Student Language** column, choose Bilingual to unlock the Spanish speaking settings. Note, this will also impact the tutoring language settings.

In the **Bilingual Configuration** column, choose the appropriate language selection for each student. District Default is determined by the settings in the district's default configuration.

In the **Instructions for English Tasks**, select the language used for the English Assessment

The **Digital Assessment** column, indicate if a student requires the Paper and Pencil option. Before using this option, confirm this option with your administrator and customer success specialist.
