

Accessing iSPIRE® Reports

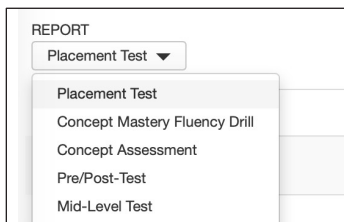

As the iSPIRE Instructor for your students, you are able to access class- and student-level reports. These reports show the assessment data for each class associated with your account. They provide you with class averages and also allow you to drill down to specific assignments and students.

Viewing iSPIRE Reports

To view the reports available to you, make sure the appropriate class is selected from the menu on the left-hand side of your home-screen. Then select the reports icon in the top right corner.

You will see two reports listed: iSPIRE Progress Report and iSPIRE Student Summary Report.
